Osnovno uciliste Dame Gruev - Bitola

Colegio Santo Domingo FESD - A Coruña

Sustainable Development in School: Save our planet with small gestures

Part 1: How eco-friendly is your school? - France

each school presents what they are already doing as far as sustainable development is concerned.

Part 2: How eco-friendly is your local area? - North Macedonia

students discover the local biodiversity, climate, sources of energy...of partner schools, all situated in different geographical areas even if we are all in Europe.

Part 3: Time for actions - Greece

Now we will be able to organise similar actions but also actions that will be adapted to each school/ each local area.

Part 4: Reduce and transform waste : be creative! Spain

What happens to waste in our different countries : how much of it is recycled or upcycled? And what about waste in our schools : how can we reduce and transform it?

Part 5: Become an eco-friendly citizen - Italy

Students put in an eco-friendly guide for schools and outside school : at home, in the local community, in organisations...turn to organic food, use green transport,

Job-shadowing
